Education in Human Creative Existential Planning (Analecta Husserliana)

Education in Human Creative Existential Planning (Analecta Husserliana)

Education is the transmission of knowledge and skill from one generation to another, and is vitally significant for the growth and unfolding of the living individual. It manifests the quintessential ability of the logos to differentiate life in self-individualization from within, and in its spread through inter-generative networks. The present collection of papers focuses on the underpinnings of the creative workings of the human strategies of reason.
