Homeopathy: "If you work with an illness instead of wrestling against it, it can guide you through the expression of your symptoms to a life that is truly healthy in body, mind, and spirit."

Healing: "To believe in healing is to believe that change can come about in your life like spontaneous combustion, that you can catch health just as you can disease."

And You: "We have an invisible nature that defies chemical compositions and that allows us understanding of more than just physical creation."

There is a hidden wisdom in our bodies and in our illnesses. If we can begin to change our thinking and to live our lives homeopathically, we can find healing without taking any medicines, homeopathic or allopathic. Vinton McCabe, a preeminent voice in homeopathy, will show people how to start on the path to this healing.
