Hundreds of Years to Reform a Rake Laurie Brown

A modern career woman thrust back in time into the glittering Regency period and the arms of an unscrupulous rake...

Josephine Drummond is a professional paranormal researcher (aka, a ghostbuster) hired to prove that the ghost of Lord Deverell Thornton, the very handsome Earl and a notorious rake in his time, haunts the crumbling Waite Castle. But the ghost drags Josephine back to the Regency period to help him try to prevent the swindle that impoverished the Earl and threatens to turn his castle into a most undignified modern-day tourist attraction.

Josephine has to contend with being a modern career woman trying to navigate the complex social scene of the Regency period, make sure no one discovers her real identity and unmask a charlatan. But all of these are easier than resisting her undeniable attraction to the Earl, who is clearly determined to sweep her off her feet.
