How should we know? We know, because although we have been working as SAP Consultants for many years, We have recently certified with the latest version of the Development Certification test. Before you start here are some Key features of the Development Certification Exam.

This certification test verifies the knowledge in the area of the SAP PI for the consultant profile of an Development Associate.

- This certificate builds on the basic knowledge gained by a consultant and preferably refined by practical experience within a project team and the consultant can implement this knowledge of the specialist areas practically in projects.

-The exam is Computer based and you have three Hours to answer 80 Questions.

- The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer.

- Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points.

-For questions with a single answer, the answers will have a button next to them. You will be able to select only one button.

- For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers.

- You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system).

Clearing the Certification will not automatically lead you to a job.

However a Certification with some project experience will certainly open a lot of doors for you.

So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore.

Helping you with the first step on you ladder to success is this book!
