Hunting Trips of a Ranchman and The Wilderness Hunter Theodore Roosevelt

There may be no better example of American individualism and rugged outdoorsman than the 26th President of the United States, Theodore Roosevelt. In this volume we find two of Roosevelt's works on hunting, "Hunting Trips of a Ranchman" and "The Wilderness Hunter", combined into one volume. Roosevelt, who as President would bring some 230 million acres of land under the protection of the National Parks and Forest Services, was a great naturalist and his love of the outdoors is evident in the depictions of these books. Careful attention is devoted to the sport of hunting as these books work as both nature travelogues and practical treatises on how to bag game both big and small. Roosevelt recounts numerous hunts in this volume which will thrill and delight the hunting and nature aficionado alike.
