Improve Learning by Building Community: A Principal's Guide to Action

John C. Daresh, Jane Lynch

Improve Learning by Building Community: A Principal's Guide to Action John C. Daresh, Jane Lynch
Written for both new and experienced principals, this resource provides a blueprint for building visionary learning communities that improve student learning not only by shaping the internal school community—faculty and staff—but also by creating a partnership with the external community—district educators, families, community organizations, and service agencies. Administrators will find invaluable assistance from *Practical Tips* that offer strategies for implementation, *Points for Practice* that highlight critical concepts and *Points to Ponder* that promote reader reflection. Each chapter encourages school leaders to consider what community building means for their own schools and provides guidance for:

- Building a vision based on your personal and professional values
- Shaping a school culture that supports teamwork
- Honoring school staff members at all levels
- Examining and understanding the external environment
- Drawing effectively on community support services
- Collaborating with district staff

Improve Learning by Building Community helps principals bring together all stakeholders to create the kind of schools that can ensure success for every student.
