El marciano (Spanish Edition) Andy Weir

La mejor novela de ciencia ficción en años' Wall Street Journal

Seis días atrás el astronauta Mark Watney se convirtió en uno de los primeros hombres en caminar por la superficie de Marte. Ahora está seguro de que será el primer hombre en morir allí. La tripulación de la nave en que viajaba se ve obligada a evacuar el planeta a causa de una tormenta de polvo, dejando atrás a Mark tras darlo por muerto. Pero él está vivo, y atrapado a millones de kilómetros de cualquier ser humano, sin posibilidad de enviar señales a la Tierra. De todos modos, si lograra establecer conexión, moriría mucho antes de que el rescate llegara.

Sin embargo, Mark no se da por vencido; armado con su ingenio, sus habilidades y sus conocimientos sobre botánica, se enfrentará a obstáculos aparentemente insuperables.

Por suerte, el sentido del humor resultará ser su mayor fuente de fuerza. Obstinado en seguir con vida, incubará un plan absolutamente demencial para ponerse en contacto con la NASA.

Con un final sorprendente, El marciano es una novela brillantemente construida, un delirio ingenioso, con una mecánica del suspense que sorprenderá al lector una y otra vez y le hará perderse en el cosmos de la naturaleza humana y la lucha por la supervivencia.

Una experiencia literaria excepcional en gravedad cero.

'Una de las mejores novelas que he leído en mucho tiempo. Parece tan real que casi podría ser no-ficción y, sin embargo, tiene la unidad narrativa y la potencia de un cohete. Un Apollo 13 multiplicado por cien' Douglas Preston, # 1 del New York Times

'¡No lo podía dejar! Tiene la rara combinación de ser una buena y original historia y con unos personajes interesantes con una fascinante precisión técnica. Una suma de MacGyver y La isla misteriosa de Verne' Chris Hadfield, astronauta, comandante de la Estación Espacial Internacional y autor de la Guía de un astronauta para vivir en la Tierra.

'El mejor libro que he leído en mucho tiempo. Inteligente, divertida e intensa' Hugh Howey, autor de Espejismo

'Weir ha creado un thriller de supervivencia que no da tregua, entretenido y creativo, un MacGyver atrapado-en-Marte que se lee, se siente y se vive de manera tan real y terrible como la verdadera historia de la Apollo 13' Ernest Cline, autor de Ready Player One

'El marciano se perfila como el nuevo Robinson Crusoe de Defoe, pero escrito por alguien aún más brillante' Larry Niven, ganador de varios premios Hugo y Nebula.

'Fuerte y valiente. Un Robinson Crusoe en Marte en el siglo XXI' Steve Berry
