## **Historia mínima de Cuba (Spanish Edition)** Oscar Zanetti

Este libro conjuga en breve síntesis el análisis de problemas fundamentales de la historia de Cuba con la información indispensable para comprender su peculiar evolución. Desde una perspectiva de "larga duración", el pasado cubano es examinado en sus aspectos más sobresalientes, plasmándolo en una narración de secuencia cronológica que atiende a la formación y transformación de las estructuras económicas y sociales de la isla, sin perder la vista a los protagonistas y a los diferentes escenarios de su actuación. Aprehendida en sus principales manifestaciones políticas, ideológicas y culturales, la construcción y el desenvolvimiento de la nación cubana hasta el presente se exponen en una obra de factura didáctica y estilo ameno, que proporciona además eficaces asideros a los lectores deseosos de adquirir conocimientos más profundos sobre la historia de la mayor de las Antillas.
