An original and provocative study of the evolution of Shakespeare's image, building on the success of Duncan-Jones' acclaimed biography of Shakespeare. Taking a broadly chronological approach, she investigates Shakespeare's changing reputation, as a man, an actor and a poet, both from his own viewpoint and from that of his contemporaries. Many different categories of material are explored, including printed books, manuscripts, literary and non-literary sources. There are biographical elements, but it is not a biography. The change in public opinion in Shakespeare's time is quite startling: Henry Chettle attacked him as an 'upstart Crow' in 1592, an attack from which Shakespeare sought to defend himself; and yet by the time of the First Folio in 1623 he had become the 'Sweet Swan of Avon!' and was fast becoming the national treasure he remains today.

This engaging and fascinating study brings the politics and fashions of Shakespeare's literary and theatrical world vividly to life
