## **Il Giardino dei Poeti Quantici (Italian Edition)** Roberto Malini

Un progetto Lavinia Dickinson Editore. Nella nuova raccolta di poesie di Roberto Malini, preceduta da una nota-koan del celebre fisico teorico americano Lee Smolin, il linguaggio oltrepassa le barriere dimensionali e temporali, per viaggiare attraverso spazi che si aprono e si chiudono, si estendono e si contraggono dietro l'impulso di quel principio cosmico che Max Planck, l'inventore della teoria di quanti, definì quale "matrice di tutta la materia". Un principio che immagina, crea e guida l'universo attraverso una coscienza fisica che all'osservatore razionale appare una grande macchina tanto perfetta quanto insondabile nei suoi meravigliosi meccanismi, mentre al poeta si mostra simile a una danza nella luce. Grazie all'occhio turchese / l'universo a metà esce dalle lamiere / portando caravelle portoghesi.
