Coatings Of Polymers And Plastics

Philip V. Yaneff

Coatings Of Polymers And Plastics Philip V. Yaneff

Surveying developments in coating polymers and plastics, this book examines proper materials selection, basic processing mechanics, process selection based on cost and coating mechanics, molding, and performance and durability assessments. Evaluating the cost-performance considerations in coating selection for polymers and plastics, Coatings of Polymers and Plastics is a reference tailored for busy professionals or students in coatings courses. It highlights techniques for salvaging plastics from used vehicles, including the recycling of automotive plastics, and compares North American and European techniques for coating plastics in the automotive industry.
