The Sports Management Toolkit PAUL EMERY

The Sports Management Toolkit is a practical guide to the most important management tools and techniques available to those working in the sport and leisure industries. Designed to bridge the gap between the classroom and the workplace, it includes ten free-standing chapters, each of which provides a detailed introduction to best practice in one of the core sports management disciplines. Written in a clear and straightforward style, and free of management jargon, the book covers all the key functional areas of contemporary sports management, including:

- marketing
- performance management
- risk management
- human resource management
- project management
- finance.

Each chapter includes a detailed, step-by-step description of the key tools and techniques and their application; a 'real world' case study to demonstrate the technique in action, plus an extensive guide to further resources and a series of self-test questions. The final chapter offers an extended, integrated case-study, demonstrating how all the key management techniques are combined within the everyday operation of a successful sport or leisure organization. This book is essential reading for all students of sport and leisure management, and for all managers looking to improve their professional practice.

From reader reviews:

Carol Ray:

What do you ponder on book? It is just for students because they are still students or that for all people in the world, the actual best subject for that? Just you can be answered for that problem above. Every person has distinct personality and hobby per other. Don't to be forced someone or something that they don't would like do that. You must know how great in addition to important the book The Sports Management Toolkit. All type of book is it possible to see on many methods. You can look for the internet methods or other social media.

Jennifer Joseph:

Reading a reserve can be one of a lot of activity that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new facts. When you read a publication you will get new information since book is one of a number of ways to share the information or maybe their idea. Second, reading a book will make a person more imaginative. When you reading through a book especially hype book the author will bring someone to imagine the story how the character types do it anything. Third, you could share your knowledge to others. When you read this The Sports Management Toolkit, you could tells your family, friends along with soon about yours reserve. Your knowledge can inspire others, make them reading a reserve.

Victor Parisi:

This The Sports Management Toolkit is great guide for you because the content that is certainly full of information for you who also always deal with world and get to make decision every minute. This specific book reveal it info accurately using great manage word or we can point out no rambling sentences in it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but tough core information with beautiful delivering sentences. Having The Sports Management Toolkit in your hand like finding the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world in ten or fifteen moment right but this guide already do that. So , this is good reading book. Hey Mr. and Mrs. hectic do you still doubt which?

Karen Perl:

Is it you actually who having spare time subsequently spend it whole day by watching television programs or just laying on the bed? Do you need something new? This The Sports Management Toolkit can be the solution, oh how comes? The new book you know. You are and so out of date, spending your spare time by reading in this completely new era is common not a geek activity. So what these guides have than the others?
