Youth Employment and Skills Development in The Gambia (World Bank Working Papers) Nathalie Lahire, Richard Johanson, Ryoko Tomita Wilcox

The report aims to gain a better understanding of youth employment outcomes in the hope of crafting more sound and responsive policies. The first part of this study provides an analysis of how youth spend their time and the determinants of this time use. The second part of the study provides an overview and analysis of the technical and vocational education and training sector. It also provides recommendations on how the sector can be made more responsive to the needs of youth in the light of the findings of the first part of the study.
