Endgame is real, and Endgame has started. Begin the hunt with six free chapters from *Endgame: The Calling*.

Twelve ancient cultures were chosen millennia ago to represent humanity in Endgame, a global game that will decide the fate of humankind. Endgame has always been a possibility, but never a reality . . . until now. Twelve meteorites have just struck Earth, each meteorite containing a message for a Player who has been trained for this moment. At stake for the Players: saving their bloodline, as well as the fate of the world. And only one can win.

Endgame is real. Endgame is now. Endgame has begun.

Google Niantic is building a mobile location-based augmented reality video game inextricably tied to the books and mythology, a major prize will be tied to a puzzle in each book, and Twentieth Century Fox has bought the movie rights.

Read the Books. Find the Clues. Solve the Puzzle. Who Will Win?
