Fast Real Estate Profits in Any Market: The Art of Flipping Properties--Insider Secrets from the Experts Who Do It Every Day Sebastian Howell

In real estate markets all around the country, real estate "flippers" have discovered that a small down payment, a little paint, some cleaning, and some time can net them tens (even hundreds) of thousands of dollars in profits, possibly tax-free. Small upgrades to the kitchen, bathrooms, and living areas, and the "ugly" house they bought for \$200,000 in June can be sold for \$300,000 in October.

Real estate investing has created more millionaires than any other investment vehicle in this country. Real estate flipping refers to the practice of finding a property that is for sale - usually priced below-market - and then selling it soon after it is bought for a quick profit. Finally there's a comprehensive, no-nonsense book that teaches you everything you need to build wealth through flipping properties quickly, legally, and ethically. You don't need great credit, a real estate license, or large sums of capital or experience to get started. There has never been a better time to invest in real estate than today. This new book offers first-time and returning real estate investors tactics for making a fortune. Even if you have little or no money, you can find success in real estate investing by "flipping."

Flipping properties can be a part-time or full-time business for anybody. You will learn all of the paperwork involved in real estate transactions, including deeds, mortgages, contracts, notes, and titles; new FHA regulations; how to begin investing with little or no cash; locate opportunities; work with real estate agents; increase curb appeal; locate the financing you need; and most importantly, purchase properties for pennies on the dollar and prepare them for a quick sale. The book is loaded with case studies and success stories from real people. You will uncover secrets that expert real estate investors use every day.
