Italy in the European Union: Redefining National Interest in a Compound Polity

Italy in the European Union: Redefining National Interest in a Compound Polity

Based on an analytical evaluation of both the weaknesses and strengths of the Italian political system, *Italy in the European Union* is the first book to offer a detailed and comprehensive description of Italy's contribution to European Union policy-making. The contributors to this volume systematically explore the role played by Italian institutional and noninstitutional actors in several decision-making processes. They show how Italian institutional actors define and promote national policy preferences that are compatible with those of the other European member states. However, the book functions on two levels: it is both a nuanced picture of Italy's role in the EU and a study of the EU as it has been transformed by subsequent waves of enlargement. In a compound polity of twenty-seven member states the formation of stable hegemonic coalitions is implausible—the concept of national interest, which still informs much of the literature on the EU, is logically and empirically unusable in many EU policy realms. Combining empirical investigation and theoretical analysis, this book is indispensable for scholars, students, and practitioners who study or observe Italian politics. It is also necessary for those who want to understand the transformation of European politics and the European Union's increasing development as a compound polity.

Contributions by: Marco Brunazzo, Maurizio Carbone, Sabrina Cavatorto, Vincent Della Sala, Alessia Donà, Sergio Fabbrini, Paolo Foradori, Giorgio Giraudi, Renata Lizzi, Simona Piattoni, Paolo Rosa, Stefano Sacchi, Alberta M. Sbragia, Daniela Sicurelli, and Luca Verzichelli
