Biofuels Engineering Process Technology

Caye Drapcho, John Nghiem, Terry Walker

Biofuels Engineering Process Technology Caye Drapcho, John Nghiem, Terry Walker

New Process Technology for Developing Low-Cost, Environmentally Safe Biofuels

Rising fuel prices have created a surge in the worldwide demand for biofuels made from plant and animal feedstocks. Filled with a wealth of illustrations, Biofuels Engineering Process Technology fully explains the concepts, systems, and technology now being used to produce biofuels on both an industrial and small scale.

Written by a team of leading biofuels experts, this lucid guide presents a complete introduction to biofuels and biorefining processes...state-of-the-art information on biofuels processed from fermentations of ethanol, hydrogen, microbial oils, and methane...new material on the production of biodiesel from plant and algal oils...and the use of microbial fuel cells to produce bioelectricity. *Biofuels Engineering Process Technology* takes readers step by step through:

- The key concepts, systems, and technology of biofuels
- A review of the basic concepts of fermentation pathways and kinetic modeling of bioreactors
- Biofuels produced from fermentations of agricultural feedstocks and biomass-ethanol, hydrogen, microbial oils, and methane
- Biodiesel fuels processed from the chemical conversion of microbial and plant oils
- Bioelectricity produced from microbial fuel cells
- The latest sustainable biorefinery concepts and methods

Inside This Cutting-Edge Biofuels Engineering Guide

- Introduction • Fuels from Fermentations: Ethanol • Hydrogen • Microbial Oils • Methane • Fuel from Chemical Conversion of Plant and Algal Oils: Biodiesel • Microbial Fuel Cells • Technical Resources

From reader reviews:

Eunice Bourque:

Typically the book Biofuels Engineering Process Technology will bring you to the new experience of reading any book. The author style to describe the idea is very unique. In the event you try to find new book to read, this book very appropriate to you. The book Biofuels Engineering Process Technology is much recommended to you to read. You can also get the e-book in the official web site, so you can more readily to read the book.

Miles Towles:

Playing with family in a very park, coming to see the marine world or hanging out with friends is thing that usually you will have done when you have spare time, in that case why you don't try matter that really opposite from that. 1 activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Biofuels Engineering Process Technology, you are able to enjoy both. It is good combination right, you still want to miss it? What kind of hang-out type is it? Oh occur its mind hangout folks. What? Still don't get it, oh come on its called reading friends.

Randal Revilla:

This Biofuels Engineering Process Technology is great reserve for you because the content which can be full of information for you who all always deal with world and get to make decision every minute. This particular book reveal it data accurately using great organize word or we can point out no rambling sentences in it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but challenging core information with attractive delivering sentences. Having Biofuels Engineering Process Technology in your hand like having the world in your arm, details in it is not ridiculous one particular. We can say that no publication that offer you world within ten or fifteen tiny right but this reserve already do that. So , this is certainly good reading book. Hi Mr. and Mrs. hectic do you still doubt in which?

William Oden:

Do you like reading a guide? Confuse to looking for your chosen book? Or your book had been rare? Why so many concern for the book? But virtually any people feel that they enjoy for reading. Some people likes looking at, not only science book but novel and Biofuels Engineering Process Technology or perhaps others sources were given information for you. After you know how the truly great a book, you feel would like to read more and more. Science e-book was created for teacher or perhaps students especially. Those ebooks are helping them to include their knowledge. In different case, beside science book, any other book likes Biofuels Engineering Process Technology to make your spare time a lot more colorful. Many types of book like this one.
