## Derrida and Religion: Other Testaments

*Derrida and Religion: Other Testaments* represents the most comprehensive attempt to date to explore, adapt, and test Derrida's contributions and influence on the study of theology, biblical studies, and the philosophy of religion. With over twenty original essays from highly-respected scholars such as John Caputo, Daniel Boyarin, Edith Wyschogrod, Tim Beal, and Gil Anidjar, *Derrida and Religion* will quickly become the locus classicus for those interested in the increasingly vibrant work on religion and deconstruction and postmodernism.
