Strange and Beautiful: Part 1 Olivia Fuller

If Fitz is honest with himself (and he generally isn't) then he'd have to say he's been in love with his best friend Harper since the day they met.

But that doesn't matter. Harper is dating his brother Jackson and Fitz is too consumed with his dissertation to be a good boyfriend anyway. Or a good anything for that matter. The only thing he's really good at is his research on Dream Journals, a relatively new technology that records and analyzes dreams. And even then he needs Harper's computer expertise. Maybe he's just a glutton for punishment.

Or maybe he's become so consumed in his work that he's having a hard time telling the difference between his dreams and reality. So sue him. It's the only place he and Harper can be together. And he knows it's only a dream. He really, really does.

...so why does it all feel so real?

Strange and Beautiful is a serialized romance that will unfold over several volumes. Parts 1 & 2 are now available!
