**Dare We Speak of Hope?: Searching for a Language of Life in Faith and Politics** Allan Aubrey Boesak

The phrase "hopeful politics" has dominated our public discourse in connection with the inspiring rise of Nelson Mandela in South Africa and the remarkable election of Barack Obama as president of the United States. But what happens when that hope disappoints? Can it be salvaged? What is the relationship between faith, hope, and politics?

In this book Allan Boesak meditates on what it really means to hope in light of present political realities and growing human pain. He argues that hope comes to life only when we truly face reality in the struggle for justice, dignity, and the life of the earth. *Dare We Speak of Hope?* is a critical, provocative, prophetic -- and, above all, hopeful -- book.
