## **Monetary Theory and Policy from Hume and Smith to Wicksell (Historical Perspectives on Modern Economics) Arnon**

This book provides a comprehensive survey of the major developments in monetary theory and policy from David Hume and Adam Smith to Walter Bagehot and Knut Wicksell. In particular, it seeks to explain why it took so long for a theory of central banking to penetrate mainstream thought. It investigates how major monetary theorists understood the roles of the invisible and visible hands in money, credit and banking; what they thought about rules and discretion and the role played by commodity-money in their conceptualizations; whether or not they distinguished between the two different roles carried out via the financial system; how they perceived the influence of the monetary system on macroeconomic aggregates such as the price level, output and accumulation of wealth; and finally, what they thought about monetary policy. It also explores the analytical dimensions in the various monetary theories while emphasizing their policy consequences.

#### **Catherine Stevenson:**

Is it you who having spare time and then spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This Monetary Theory and Policy from Hume and Smith to Wicksell (Historical Perspectives on Modern Economics) can be the reply, oh how comes? The new book you know. You are so out of date, spending your spare time by reading in this brand-new era is common not a nerd activity. So what these textbooks have than the others?

#### **Jessica Jones:**

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Monetary Theory and Policy from Hume and Smith to Wicksell (Historical Perspectives on Modern Economics) can make you experience more interested to read.
